Home Improvement - Royal Tapestry

Tapestries as home décor objects have withstood the test of time. They are forever in vogue, much loved and widely appreciated. Perhaps the reason behind the unmatched popularity of tapestry is the basic fact that it fuses together two divergent concepts, aesthetics and practical living. Tapestry is just not art for art's sake alone. Instead by recreating an image on to a fabric, the craftsman relinquishes his/her hold over the piece of art, giving it the freedom to become a part of the soul of the house it is used to beautify. Tapestries can and have been used in different forms, from large wall hangings to pillows, cushions and even handbags.

Royal Tapestries is a type of **tapestry** that is products in factories that were created and patronized by the ruling monarch of France, Spain and other European countries. Naturally, since they were products of state-controlled factories, they were used only in state buildings, and palaces. The rich legacy of Royal Tapestries continues till date as they are rich in design and high on quality. Such is their beauty and charm that they can transform any humble abode into a place of regal splendour. As items of home decoration they can add that royal touch to any ambience and give it a rich and ultra-sophisticated look.

Small Size Tapestries

Tapestries are getting increasingly popular for wall décor these days. They bring a sense of beauty, quality, and history into your beautiful home. A tapestry represents unique combination of modern fashion trend and a form of wall art from antiquity. It is a type of textile art, woven by hand on a textile loom. Colored weft threads that are woven into fixed warp threads form the picture or design of a tapestry. Here all the warp threads are hidden when the work is completed. These threads are generally linen or cotton, but many weavers use wool, gold, and silk. The detail of the tapestry is determined by the closeness of the warp thread. The closer and finer the threads, the more complicated the design.

In modern time, **small sized tapestries** have become a popular and trendy aspect of interior decoration and are used in many unique ways. Architects and homeowners continue to seek single pieces and unique hand made small sized tapestries to beautify their buildings and homes. The modern small sized tapestries use varying blends of fibers. New and improved fibers help to produce classical art works and popular tapestries from the past. Today improved pigments and dyes are also available to add on the beauty.

Tapestries are the oldest forms of woven textiles, representing the stories of ancient histories of Greeks, Romans, French, Europeans, and the Egyptians. The Egyptians used this form of art to adorn their graves. The Incas buries their dead in tapestry woven clothing. Ancient Greek art portrays weaving and spinning. Hand woven tapestry art was the significant form used to decorate the walls and houses of the rich and the important civic buildings at that time. The craftsman made all the original tapestries by hand. The European weavers of the Medieval and the Renaissance periods were the world's most important producers of tapestries.

For large rooms, a series of small to medium tapestries give a distinctive look. If the room is small, then choose a tapestry that has got vibrant colors and blends well with your home decoration. When decorating with **small sized tapestries**, make sure to choose similar theme and style for a better look. Unicorn Tapestries

Originally tapestries were simple, wide expanses of cloth that people used to hang on the inside of exterior walls to protect them from cold. Tapestry weaving was well recognized in Peru by 6th century and China was renowned for its outstanding silk tapestries in the period of the Tang Dynasty (7th - 10th century A.D.). Tapestry weaving became a flourishing art in West Europe from 13th century onwards and it was around this time that tapestries began to be used for decorative purposes or for covering pieces of furniture. The 20th century witnessed the production of abstract tapestries and many famous painters like Matisse and Picasso allowed their paintings to be used as basis for tapestry art. Traditionally tapestries were used by the upper classes for decorating their homes or in churches depicting themes from Christian mythology and Bible with an aim to educate the common man.

These days, tapestries are used popularly and extensively to decorate homes. They impart a home or office interior a touch of color, class, style, elegance and sophistication. Wall art tapestries are a great idea to dress up your walls and make them appear visually stunning. You may use **tapestries** to add a personal touch to your interiors and make them appear more inviting and attractive. Hanging a colorful tapestry on a barren wall can change the look of the entire room, making it come alive with color and warmth. Some available options in wall tapestries are **unicorn tapestries**, portiere tapestries, tapestries depicting themes from medieval ages, Renaissance, religion and mythology, scenes from nature, hunting, flora and fauna, romance and myth.
